

## 30 DAYS OF CODE (DESIGN TRACK)

### Day 1 – Fruits and add it to the bowl

Ever heard of not reinventing a wheel well in 3D it is known a **Kitbashing** or model bashing and it is a practice whereby a new scale model is created by taking pieces out of commercial kits. These pieces may be added to a custom project or to another kit. For professional modelmakers, **kitbashing** is popular to create concept models for detailing movie special effects.
